

Berry Pancakes:

Ingredients:

2 c. Pancake Mix

1 1/3 c. water

1/4 c. sugar

3/4 c. dried mixed berries, cut up into small pieces

Cinnamon, Allspice, Nutmeg, Ginger, and a little Vanilla.

Directions:

- Put mixed berries in small bowl. Pour enough water in to cover fruit. Add vanilla.
- Microwave fruit bowl for 40 seconds.

- Drain liquid from fruit. Use leftover liquid as part of $1 \frac{1}{3}$ water (Pour liquid in 1 cup measuring cup and fill the rest of the cup with water. Add another $\frac{1}{3}$ cup water after that.).
- Mix together all ingredients. Try not to over-mix as pancakes will turn out flat if you do.
- It is ideal to let the pancake mixture set for about ten minutes before cooking.
- Use $\frac{1}{4}$ measuring cup to make pancakes turn out the same size when cooking.
